GOMPERS TO SPEAK IN ATLANTA

(By Associated Press.)
Atlanta, Ga., April 6.—President Samuel Gompers, of the American Federation of Labor, is in the city for the purpose of delivering an address tonight at the celebration of the sixteenth anniversary of the Atlanta Federation of Trades. Several other labor leaders of national prominence are to take part in the celebration, which promises to be one of the most notable events in the history of organized labor in this section.

Although the list of states fixing fourteen years as the legal age for working slowly lengthens, there are still a number of exceptions. The legal age for beginning work remains at ten years in Nebraska (in vacation) and in Alabama and Arkansas at all times for children of widows and disabled fathers. Maine, New Hampshire and Vermont are the only remaining northern states which permit factory work at the age of twelve.

NOTES OF THE LABOR WORLD.

The trade union membership of Australia is said to be only about 200,000.

Work will be commenced within the next few months on the magnificent labor temple to be erected in Kansas City.

Union men affiliated with the Iron trades council in San Francisco have voted to strike May 1. More than 6,000 men are involved.

The first time in history that the public ever asked parliament for laws to protect women and children was in the year 1800, after an epidemic of fever among the underground workers. The protection which parliament accorded was to restrict the hours of labor for children to twelve and to set the age at nine years when a child might be employed. This was the real beginning of organized protest on the part of the English people against established customs.

B. B. BLAKENEY FOR SUPREME JUDGE

The Leader called attention yesterday to the candidacy of Hon. B. B. Blakeney, of Shawnee, as candidate for justice of the supreme court. That Blakeney is a well-trained lawyer and eminently fitted to fill the place to which he aspires is evidenced by the testimonials of prices and bar of his own county. The Pottawatomie County Standard says: "The Standard takes pleasure in announcing that the Hon. B. B. Blakeney of Shawnee has consented to become a candidate in the Third Supreme Court District for a member of the supreme court. Judge Blakeney was a resident of Tecumseh for more than ten years and has practiced law in this county for the last fifteen years. While practicing here he has risen to the first rank of lawyers in the new state of Oklahoma. The lawyers of this and the adjoining counties who have encountered him in the judicial forum are unanimous in the expression that he is possessed of one of the best legal minds, clear and discriminating in his legal judgment and the most practical student of law. He has risen to the young student one of the best examples of what a man may do for himself by applying himself to a profession. Without the benefit of a complete legal course in the law he has daily poured over his legal library with a love for the right and has become the best informed lawyer that we have ever known. It is with pride that we recommend him to the Democracy of Oklahoma."

and ablest lawyers of the new state; therefore he is

Resolved, That the Pottawatomie County Democratic Central committee, now in recess, meeting at Shawnee on this 3rd day of April, 1907, do hereby endorse the candidacy of the Hon. B. B. Blakeney for the nomination for justice of the supreme court of Oklahoma, and commend him to the consideration and support of the Democrats of the Third supreme court judicial district.

The four delegates made the request that Mr. Blakeney enter the judgeship race, which finally brought him out. The correspondence follows:

A request from the four delegates to the Constitutional convention from Pottawatomie county, Okla. Guthrie, Okla., March 11, 1907, Hon. B. B. Blakeney, Shawnee, Okla., Dear Sir: Information coming to us that you would probably make the race for the Democratic nomination for justice of the supreme court and realizing your peculiar fitness for the place by reason of your ability and by virtue of your long experience in the practice of law, we take this opportunity of requesting you to enter the race.

Being, as we are, familiar with your party loyalty, true Democracy, coupled with your undisputed competency and integrity we pledge to you our unqualified support.

Trusting that you will decide to enter said race, we are, Respectfully, B. B. Blakeney, J. H. Littleton, J. H. Maxey, T. C. Wyatt.

Mr. Blakeney replied as follows: Gentlemen: Pursuant to the above request and many others received, I have decided to make the race for a member of the supreme court from the Third judicial district. I trust you know my fitness for this position and I would greatly appreciate your support in this contest. The nomination will be by primary. It will be impossible for me to see any considerable number of the voters in my district, and I will therefore be compelled to rely upon my friends giving me their support and assistance. Yours very truly, B. B. Blakeney.

JOKE.

One of Victor Mordock's stories: "I suppose," said the defiant Kansas boy to his father who ordered him to milk the cow, "that you haven't heard that the statutes now prohibit child labor." "And I suppose," responded the old man as he took the halter strap to him, "you haven't heard about the rod and spooling the child in the city ordinances of Jerusalem under the mayoralty of Solomon."

WAIT FOR THE OFFICIAL CONSTITUTION.

To The Public: The State Capital of this date, March 23, contains what appears to be a portion of a continued publication of the proposed constitution. This publication would be commendable if honestly made. But the very headlines of the publication contain an unqualified falsehood; and the so-called constitution is only a jumbled and garbled product, and bears only a dim resemblance to the genuine and completed instrument. The headlines of the publication are as follows: "The Oklahoma Constitution as Officially Edited by the Editing Committee of the Constitutional Convention." The Editing committee have only begun the work of final revision of the constitution. And, further, no paper except the Guthrie Daily Leader has been permitted to obtain any portion of the corrected work of the committee. The State Capital has not now, nor never has had, any part of this officially edited constitution.

As chairman of the Editing committee, I make this statement for myself as well as for the other members of the committee for at least two reasons: First, because I do not want any one to believe that the State Capital would be given any advantage in the matter of first procuring the officially edited constitution; and for a second reason that there is a bare possibility that some of the new inhabitants of this state might believe that this jumbled, falsely labeled production is really what it purports to be.

The constitution will not be published in official form until it appears over the signatures of myself and Miss Lanier.

Sincerely,
JOHN J. CARNEY,
Chairman of Editing Committee.
